# The Rover®

**A New Wrinkle for  
Canine Breeding**

# Have You Seen the Revolutionary Rover® for Shipping Chilled Canine Semen?

Now dog breeders around the world can benefit from the same proven and reliable technology that revolutionized the horse breeding industry.

The disposable Rover® cools the extended semen at a controlled rate and maintains it at a temperature for optimal sperm survivability. At a low purchase price, the Rover is **the most affordable option for shipping cooled canine semen**. And for a limited time, the price is even lower!

Until February 18, 2005, **you may purchase the Rover® for 10% off retail pricing**. Just mention this special promotion when placing an order.

The Rover® is available with or without Kenney skim milk extender - the only commercially available extender which doesn't require freezing or refrigeration before mixing.

**Call us toll free today at 800-367-0266** to take advantage of this special opportunity!

Visit us at **[www.equitainer.com/rover](http://www.equitainer.com/rover)** to learn more about the Rover® disposable chilled semen shipper and Kenney Extender.

#### **10% Off Discount Pricing:**

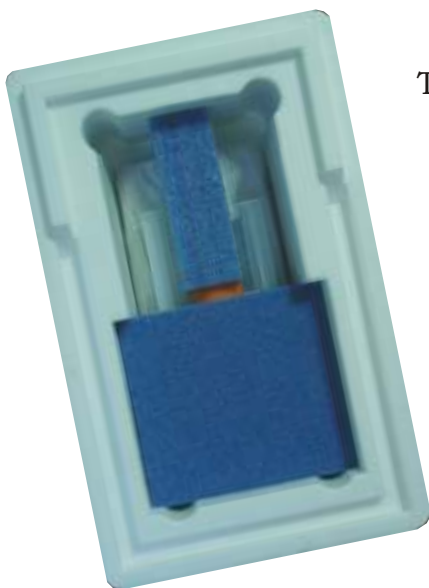

The Rover® with Extender: \$43.20

The Rover® only: \$34.20

#### **Standard Pricing:**

The Rover® with Extender: \$48.00

The Rover® only: \$38.00
